

responsible production and consumption (SDG12), which are key for a clean planet and healthy people.

(1) In 2015, the International Federation of Gynecologists and Obstetrics (FIGO) released an “Opinion on reproductive health impacts of exposure to toxic environmental chemicals”, which contains a list of 4 recommendations, https://www.figo.org/sites/default/files/uploads/News/Final%20PDF_8462.pdf

(2) The guide was developed by the Secretariat of the conventions and GRID-Arendal network, with the support of Sweden. For more information: <http://www.brsmeas.org/Gender/BRSGenderActionPlan/PocketGuide/tabid/7999/language/fr-CH/Default.aspx>

(3) The course, part of a Gender and environment global course proposed by the UN Climate Change Learning Partnership is available on line : <https://unccelearn.org/course/view.php?id=39&page=overview>
